

Message From the Director

Winter 2020

Dear Friends,

Thank you for making 2019 another remarkable year for The Clemson Free Clinic. Our dedicated staff and volunteers have done an outstanding job of providing continuing quality healthcare to our patients. Our goal is to provide continuity of care, education, and pharmaceuticals to our patients. This ensures patients have the resources and knowledge to manage their chronic health conditions and improve overall health status.

The Clemson Free Clinic provides a wide range of services for the medically underserved. Our free clinic focuses on providing quality free primary healthcare and pharmaceuticals. Examples of additional services we are able to provide include laboratory and imaging (off-site), women’s healthcare, immunizations, diabetic self-management education and specialty referral. Our Produce RX, a program providing fresh fruits and vegetables to diabetic patients to continues to demonstrate the effects of healthy eating on managing chronic disease. This program is an outgrowth of partnering with a Leadership Clemson class. Preliminary results are showing improvements.

Twenty five percent of prescription drugs don’t get filled due to cost. Unfortunately this is how most of our patients come to need services. They end up sicker than they need to be because they can’t afford their medicines. Often times they end up in the emergency room. We are thankful to be able to provide medications for our patients at no cost to them. Every \$1 donated to a South Carolina Free Clinic provides a minimum of \$5 worth of healthcare services. Source: National Association of Free and Charitable Clinics, 2019.

We are grateful to our supporters who allow us to provide these much needed services. Our generous donors, our dedicated community and professional volunteers help make this possible. Thank you for the opportunity to serve our neighbors with quality accessible health care.

Warm wishes,

Sandy Smith, RN, MSN  
Executive Director

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

**SEND**

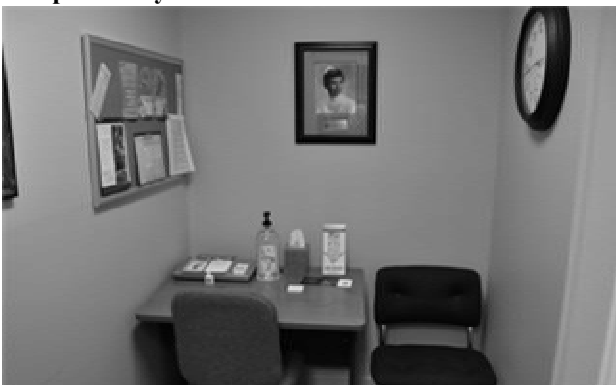

Clemson Free Clinic  
P. O. Box 941  
Clemson, SC 29633

Yes, I would like to support the  
Continued operation of the  
Clemson Free Clinic. I have enclosed a  
check for the following amount.  
(Please circle your donation.)

\$25.00	\$250.00
\$50.00	\$500.00
\$75.00	\$1000.00
\$100.00	Other \$ _____

The Clemson Free Clinic filled 3,012 prescriptions in our pharmacy in 2019.

In 2019 there were 332 patient/provider visits, 22 patients referred for specialty care, 15 dental referrals, 163 Produce Rx patient visits and 13 patients enrolled in Prescription Assistance Programs for medications too expensive to stock in our pharmacy.

Every \$1 donated to a South Carolina Free Clinic provides a minimum of \$5 worth of healthcare services.
